

The Army Contracting Command - Rock Island (ACC-RI) located at the Rock Island Arsenal, IL intends to issue solicitation W52P1J-13-R-0029 for the US Army Sustainment Command's (ASC) requirement in support of the 2nd Battalion 401st Army Field Support Brigade (2-401st AFSB) located at Camp Arifjan, Kuwait at a forthcoming date under the Enhanced Army Global Logistics Enterprise (EAGLE) Program.

This is an announcement to CANCEL the Industry Day Site Visit that was scheduled to be held in Kuwait on March 2, 2013. Due to the current budget uncertainties, the Government cannot justify the expense required to conduct the Site Visit.

The list of Site Visit attendees and the Industry Day Command Brief from the Site Visit held on June 30, 2012 will be made available to any interested EAGLE BOA holder via the AMRDEC Safe Access File Exchange (SAFE) service. The SAFE service is a file transfer program hosted on a secure server with limited access granted to those who request it. To request access to the documents, interested parties must provide a single point of contact (POC) and email address for their company to the APS-5 Kuwait mailbox: usarmy.ria.asc.mbx.aps-5-kuwait@mail.mil. The POC will receive a notice via email that the files are ready to be downloaded with instructions on how to proceed. Only one download is available per recipient. Access to the SAFE site will expire 14 days after the initial notice to download. Please contact the POCs listed below should you have any questions or require further assistance.

Requests for access to the June 30, 2012 Site Visit documents must be made no later than 5:00pm CST on March 8, 2013. The Government is not responsible for late access requests, and will not provide access after the due date.

This announcement does not constitute a commitment on the part of the Government to award a Task Order, nor to pay for any costs incurred as a result of this notice.
